All supplies that are for you – will be yours and not part of the class. I suggest you buy lots of items while they are on sale. You can put them in a shoe box and store here at school. For the donations for the classroom, this is a donation to the classroom that we will all share. When buying your supplies, have fun, feel free to personalize and get the fancy ones – since shopping for school supplies is fun. 😊

*I suggest that you buy lots of pencils as kids use on average, 3 pencils per week. I also suggest that you purchase the brand Ticonderoga Pencils as they do not break as easily and they sharpen better. The off-brand ones often don't sharpen well and you only get a few uses out of them.

P.S. Keep track of what you read this summer and share with me at Meet the Teacher for a prize. Don't forget to study your times tables at least 15 minutes per day and read for 30 minutes each day.

Happy Summer to y'all!!!!!!!
